Dear Mr. Bering:

This is in response to your letter of August 3 which arrived while I was on vacation. In that letter, you state that you are enclosing a copy of EPA's current schedule for completion of its studies in New Bedford Harbor, along with copies of RFPs released by EBASCO and a copy of the relevant portion of EPA's guidance documents.

None of the materials which you said were enclosed with your letter in fact were enclosed. Needless to say, I am not able to comment on your letter until I have those materials. I would appreciate it if you would forward them to me as soon as possible.

Very truly yours,
